

Black Forest Tour – June 20 - 28, 2014

Hello Astrid

Just wanted to let you know what a wonderful time my sisters and I had on our second and most recent tour with you and Gundula as our guides. Trip was first rate. Rooms were good and food wonderful. We saw a lot of Alsace which is the main reason for the tour. We know our relatives left there for America in 1840s, not sure of the exact location, but we got to visit the general area. I would highly recommend this tour to anyone who would like to visit Alsace. We saw more than we expected, ate some wonderful food and very tasty wines and we laughed every day. Good food, good wine and good friends in a great location, who could ask for more.

Diane and I look forward to seeing you on our third tour on the Rhine River.

River Castles Tour – June 28 - July 6, 2014

Hello Astrid

Castles, Castles, and more Castles. Now I really have Obsessive Castle Disorder (OCD). I just wanted to let you know what a wonderful time my sister and I had on our third tour with you. The River tour, Rhine, Moselle, Neckar and Main Rivers were magnificent. They were all that I expected and more. As always, your schedule was well organized and gave us time to see all the sights without feeling rushed. I don't know why other tour companies do not follow your example. Touring with you is a true vacation. We have no worries and feel relaxed when on one of your tours knowing that you will deliver everything you promised. Excellent hotels, good food, wonderful company and knowledgeable tour guides who could ask for more. Thanks again for a wonderful vacation.
